

The Bee

NINETEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, JUNE 25, 1908.

No. 26

TAFT AND SHERMAN

This is the Ticket the Republicans Present to Consideration of Electorate.

TAFT NAMED ON FIRST BALLOT

On Thursday the Culmination of Great Convention Came in Naming Secretary of War For President.

Congressman James S. Sherman Was Named For Second Place After Brief Session on Friday.

Incidents of One of the Most Interesting Conventions in the History of the Party.

For President of the United States, WILLIAM H. TAFT of Ohio.

For Vice President—

JAMES S. SHERMAN of New York.

Taft on the first ballot; Taft by 702 votes; Taft by the unanimous choice of the convention.

Such is the record of the culminating day of the Republican national convention of 1908, effected amid scenes of tumultuous enthusiasm and after a nerve-racking continuous session lasting nearly eight hours.

A hush of expectancy hung over the assembly as the call proceeded. Hasty summaries showed that Taft was far in advance. When New York was reached the Taft column tallied 427. Ohio carried the Taft total to 551, or twenty more than enough to nominate. Still the call went on until the final result was announced by Chairman Lodge:

"For Theodore Roosevelt, 3 votes; for Joseph B. Foraker of Ohio, 16 votes; for Charles W. Fairbanks of Indiana, 40 votes; for Joseph G. Cannon of Illinois, 61 votes; for Robert La Follette of Wisconsin, 26 votes; for Charles E. Hughes of New York, 63 votes; for Philander C. Knox of Penn-

sylvania, 68 votes, and for William H. Taft of Ohio, 702 votes."

Following is the vote for the unsuccessful candidates:

Cannon—Illinois, 51; Michigan, 1; New Jersey, 3; New York, 3. Total, 58.

Fairbanks—Georgia, 1; Indiana, 30; Kentucky, 2; New Hampshire, 3; New Jersey, 2; South Carolina, 2. Total, 40.

Hughes—New York, 65; Virginia, 2. Total, 67.

Foraker—Georgia, 8; Ohio, 4; South Carolina, 2; Virginia, 1; District of Columbia, 1. Total, 16.

Knox—New Jersey, 4; Pennsylvania, 64. Total, 68.

La Follette—Wisconsin, 25.

Roosevelt—Pennsylvania, 3.

A great shout went up as Lodge concluded his announcement, and with one accord the cohorts of Cannon and Knox and Hughes and the others joined in a common tribute for the candidate of the party.

With Congressman James S. Sherman, of New York, chosen as vice-presidential candidate and running mate of Secretary Taft, the Republican national convention passed into history Friday.

The Formal Opening.

The Republican national quadrennial convention was called to order at noon Tuesday, Harry S. New of Indiana, chairman of the Republican national committee, wielding the gavel amid a scene of party splendor rarely, if ever, equalled. The vast auditorium of the Chicago Coliseum had been decorated as never before for the occasion, and its seating arrangements

systematized to the last square inch, were hardly adequate for the throng which filled the great structure, every man and every woman on the tip-toe of anticipation.

Chairman New's attitude in calling the convention to order was business personified. Captain New never attempted oratory, and his terse, crisp sentences announcing the object of the convention created an excellent impression. Bishop P. J. Muldoon of Chicago was then introduced and in eloquent terms made a plea for divine guidance in all the deliberations of the body thus assembled.

Following the formal presentation of the gavel to the chairman, the call for the convention was read by Elmer Dover of Ohio, secretary of the Republican national committee, and Senator Burrows of Michigan, temporary chairman, was introduced. The venerable senator, his shaggy beard much whiter than when he last attended a national convention, but with no diminution of vigor in person or voice, addressed his great audience on the record of the party during the four years since the last convention, concluding as follows:

"The work of this convention will soon be concluded. The platform will voice the dominant thought of the people, and the candidates nominated must stand upon it firm and erect. They must have the patriotism and sagacity of a Lincoln, the tenacity of a Grant, the wisdom and moderation

CONGRESSMAN SHERMAN OF NEW YORK.

of a McKinley, and the courage of a Roosevelt. With such a platform and such candidates the issue cannot be in doubt. The Republican party confidently submits its record to the approving judgment of the American people and, upon its renewed declaration of faith, invokes continuance of public favor."

After the transaction of certain formal matters of miscellaneous business the convention then adjourned until Wednesday the various committees being instructed to meet at their several places to complete the details of permanent organization.

THE SECOND DAY

Speech of Permanent Chairman Lodge the Distinctive Feature.

The selection of Senator Henry C. Lodge as permanent chairman of the Republican national convention was formally approved at a meeting of the committee on permanent organization and it was agreed that all of the other temporary officers of the convention named on the floor Tuesday should be made permanent. Therefore when the convention assembled on Wednesday to hear the reports of the various committees, Senator Lodge was in the chair, prepared to direct the deliberations of the great quadrennial gathering to its close.

Incidental to the convening of the delegates an inspiring scene was presented when the many marching clubs, which have gathered here from various parts of the country, for the purpose of whooping things up for the several candidates, paraded through the hall.

The marching clubs assembled on Michigan avenue, at the foot of Adams street, opposite the Art Institute, marched down Michigan avenue to entrance "H" of the convention hall, into the hall, up the aisle, and out at entrance "D" on Wabash avenue, each viewing with the other in efforts to create the most enthusiasm.

Probably the most important act of the day, and the one having greatest significance on the final result of the convention, was the adoption of the report of the committee on credentials, seating the Taft delegations practically in toto. If there had been any lingering doubt of the Taft strength it disappeared before this decisive action, which in effect placed upward of 700 delegates in the Taft column. Equally important, and even more remarkable, was the final acceptance of this result by the allies without the formality of a dissenting minority report, and without carrying the question to the floor of the convention for the open fight which had been long threatened. Instead of this all-further opposition seemed to crumble. Those who had promised trouble quiet

TAFT THE MAN OF EXPERIENCE.

- 1857. Born, Son of Alphonso Taft—Grant's Attorney-General and Secretary of War.
- 1878. Yale Salutatorian and Class Orator.
- 1880. First Prize Man at the Cincinnati Law School.
- 1881. Assistant Prosecuting Attorney, Cincinnati.
- 1882. Collector Internal Revenue.
- 1885. Assistant County Solicitor.
- 1887. Judge Superior Court, Ohio.
- 1890. Solicitor General of the United States.
- 1892. United States Circuit Judge, Ohio.
- 1900. President United States Philippine Commission.
- 1901. Civil Governor, Philippines.
- 1902. At Rome arranged settlement friars lands in Philippines.
- 1903. Secretary of War.
- 1904. Inspected Panama Canal.
- 1905. President National Red Cross Society.
- 1906. Provisional Governor of Cuba for a time.
- 1907. Visited Porto Rico and Panama.
- 1907. Opened Manilla Congress, returned to United States by Siberian Railway.

ly accepted the inevitable.

After the convention had been called to order, the Rev. William O. Waters of Chicago delivered an earnest prayer for divine guidance in the affairs of the day. Senator Lodge, in accepting the chairmanship of the convention, made a brief speech thanking the delegates for the high honor they had conferred upon him, concluding with the following appeal to the nation's electorate:

"We ask for the confidence and support of the American people because we have met the problems of the day and have tried patiently to solve them. We appeal for votes and for the power they confer because we uphold the president's policies and shall continue to sustain them. We make our appeal with confidence because we have a well-defined policy and are not, like our opponents, fumbling in the dark to find some opinion on something.

"We believe in the maintenance of law and order and in the support of the courts in all their rights and dignity. We believe in equal rights for all men and are opposed to special privileges for any man, or any class of men, high or low, rich or poor. We, who established the gold standard, are pledged to the cause of sound finance.

"We stand for protection to American industry and American labor, and we will resist all the assaults of free trade under whatever name it comes disguised. We will see to the defense of the country. We mean to have a navy worthy of the American name. We seek peace and friendship with all the nations, but alliance with none. Yet we have no intention of being a "hermit nation."

"The great services of the president to the world's peace will be continued by the party which he has led. We are a party fit to rule and govern, to legislate and administer, and not a fortuitous collection of atoms whose only form of thought or motion is to oppose. Above all, we are true to our traditions and to our past. True now, as we were in the days of Lincoln.

"In this spirit we must prevail—by this sign we must conquer."

THE THIRD DAY

Adoption of Platform and Nominations Hold the Boards.

The final details of the national platform having been arranged by the platform committee, the convention was equipped Thursday morning to make its declaration of policy and proceed to the selection of candidates.

The session opened at 10 o'clock instead of noon, as heretofore, so that a full day might be had for the discussion of principles and men. The platform went before the convention early in the day and its adoption was followed by the speeches placing in nomination the candidates for president.

Several changes in phraseology were made in certain planks of the platform as presented to the committee. There were also some alterations of an essential character in some of the more important declarations, so that the platform as adopted is in some particulars, though in no essentials, different from the draft of the document which was prepared in Washington.

The presentation of the report on permanent organization was the signal for Senator Burrows to yield his place as temporary chairman and to escort to the platform the permanent chairman of the convention, Senator Lodge of Massachusetts. Mr. Lodge, trim and businesslike, looked as from a later generation than the white-haired retiring chairman. His voice, too, had that resonant New England twang

which made it ring out to the farthest corners of the galleries, carrying metaphor and sarcasm which started the listeners to attention and applause.

"The president," exclaimed Mr. Lodge, "is the best abused and most popular man in the United States today."

This was the long-awaited signal. Instantly a shout broke from the galleries and was re-echoed from the floor, at first only a tempest of detached yells and cat-calls, and shouts of "Teddy," but gradually gathering force and volume, until it swelled to a whirlwind of sound and motion, as delegates and spectators rose en masse, mounting chairs, waving banners, hats, handkerchiefs, flags, newspapers, anything which could be seized upon to add turbulence to the scene. Amid the tumult the band struck up, but the crash of the brass and drums was completely lost in the babel of sound which welled from 14,000 throats.

Wonderful Demonstration.

For the first minute Senator Lodge stood waiting to proceed, occasionally raising his hand for silence, only to awaken a defiant yell twice louder than before. Five minutes passed and instead of abating the uproar was increasing. The sergeant-at-arms moved up a chair for the presiding officer and Senator Lodge sank back to await a lull in the storm. Five minutes—ten minutes—fifteen minutes.

There was no lull, no abatement. A hoarse roar had taken the place of the detached yells.

"Four, four, four years more," came in a deafening chorus from the full sweep of the gallery, as if preconcerted, each "four, four, four," exploding like the boom of heavy artillery.

Fifteen minutes—twenty minutes—twenty-five minutes.

Now delegations were joining in the outbreak. Some had mounted chairs—Texas, Kentucky, Tennessee—and were gesticulating madly. One delegate, to the left, had torn off his coat and was whipping it wildly above his head. Texas and Kentucky appeared to be the center of the agitation on the floor. New York viewed the storm with calm and so did Ohio, except, strangely, one of the lonesome Foraker delegates, Judge Marcus Shoup, who, mounted on a chair, kept both arms in motion with a waving flag and a newspaper and his voice joining in the general pandemonium.

Thirty minutes—thirty-five minutes—forty minutes—forty-five minutes.

A full three-quarters of an hour had passed in this bewildering confusion of sight and sound. For a time some fear was felt by some that a stampede was imminent. But the political generals were glad to give the pent-up enthusiasm of the multitude this outlet of expression, and at no time was there the slightest apprehension among them that the well-devised plans would miscarry by some overpowering movement. Frank H. Hitchcock, the Taft manager, moved about the floor, smiling as the tumult was at its height. "The cheers for Roosevelt today will be for Taft tomorrow," said he with confidence.

The One Reality.

Marble, gold and granite are not real. The only reality is an idea—Wendell Phillips.

Sit Tight.

"When you are in the fence in this world, an' you dunno which side ter fall on, den keep still a while, an' de yuther fellers'll fall an' show you how an' when!"—Atlanta Constitution.

PARTY PLATFORM

Resolutions Upon Which Republicans Base Their Claim For the Suffrages of the People.

ENUNCIATION OF PRINCIPLES

Leading All In This Declaration of Party Determination Is an Extra-ordinance Bit of Praise For the President of the United States.

The platform adopted by the Republican national convention at Chicago is in part as follows:

Once more the Republican party, in national convention assembled, submits its cause to the people. This great historic organization that destroyed slavery, preserved the Union, restored credit, expanded the national domain, established a sound financial system, developed the industries and resources of the country and gave to the nation her post of honor in the councils of the world, now meets the new problems of government with the same courage and capacity with which it solved the old.

Praise for Roosevelt.

In this, the greatest era of American advancement, the Republican party reached its highest service under the leadership of Theodore Roosevelt. His administration is an epoch in American history. In no other period since national sovereignty was won under Washington or preserved under Lincoln has there been such mighty progress in these ideals of government which make for justice, equality and fair dealing among men. The highest aspirations of the American people have found a voice. Their most exalted servant has come to represent, not political sovereignty alone, but the best aims and worthiest purposes of all his countrymen.

American manhood and womanhood have been lifted to a nobler sense of duty and obligation. Conscience and courage in public station and highest standards of right and wrong in private life have become the cardinal principles of political faith; capital and labor have been brought into closer relations of confidence and independence, the abuse of wealth, the tyranny of power and all the evils of privilege and favoritism have been put to scorn by the simple, many virtues of justice and fair play.

American manhood and womanhood have been lifted to a nobler sense of duty and obligation. Conscience and courage in public station and highest standards of right and wrong in private life have become the cardinal principles of political faith; capital and labor have been brought into closer relations of confidence and independence, the abuse of wealth, the tyranny of power and all the evils of privilege and favoritism have been put to scorn by the simple, many virtues of justice and fair play.

The great accomplishments of President Roosevelt have been, first and foremost, a brave and impartial enforcement of the law, the prosecution of illegal trusts and monopolies, the exposure and punishment of evildoers in the public service; the more effective regulation of the rates and service of the great transportation lines; the complete overthrow of preference, rebates and discriminations; the arbitration of labor disputes; the amelioration of the condition of wage workers everywhere; the conservation of the natural resources of the country; the forward step in the improvement of the inland waterways, and always the earnest support and defense of every wholesome safeguard which has made more secure the guarantees of life, liberty and prosperity.

These are the achievements that will make for Theodore Roosevelt his place in history. But more than all else, the great things he has done will be an inspiration to those who have yet greater things to do. We declare our unflinching adherence to the policies thus inaugurated and pledge their continuance under a Republican administration of the government.

Equal Opportunity for All.

With gratitude for God's bounty, with pride in the splendid productivity of the past, and with confidence in the prosperity of the future, the Republican party declares for the principle that in the development and enjoyment of wealth so great and blessings so benign there shall be equal opportunity for all.

Nothing so clearly demonstrates the sound basis upon which our commercial, industrial and agricultural interests are founded and the necessity for promoting their continued welfare through the operation of Republican policies as the recent safe passage of the American people through a financial disturbance which, if appearing in the midst of Democratic rule, or the menace of it, might have equaled the familiar Democratic panics of the past.

The many wise and progressive measures adopted by recent sessions of congress have demonstrated the patriotic resolve of Republican leadership in the legislative department to keep step in the forward march toward better government. Only the obstruction and filibustering of a Democratic minority in the last house of congress prevented the enactment of a number of measures of great public benefit, the consideration of which can only be entrusted to another Republican majority. But many wholesome and progressive laws were enacted, and we especially commend the passage of

pointment of the national monetary commission, the employers' and government liability laws, the measures for the greater efficiency of the army and navy, the widows' pension bill, the model child labor law for the District of Columbia, designed for emigration by the states; the new statutes for the safety of railroad engineers and firemen, and many acts conserving the public welfare.

Tariff Revision at Special Session. The Republican party declares unequivocally for a revision of the tariff by a special session of congress immediately following the inauguration of the next president, and commands the steps already taken to this end in the work assigned to the appropriate committees of the two houses, which are now investigating the operation and effect of existing schedules.

In all tariff legislation the true principle of protection is best maintained by the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to American industries, and the benefits that follow are best secured by the establishment of maximum and minimum rates to be administered by the president, under limitations fixed in the law, the maximum to be available to meet discriminations by foreign countries against American goods entering their markets, and the minimum to represent the normal measure of protection at home, the aim and purpose of the Republican policy being, not only to preserve, without excessive duties, that security against foreign competition to which American manufacturers, farmers and producers are entitled, but also to maintain the high standard of living of the wage-earners of this country, who are the most direct beneficiaries of the protective system.

Currency and Banking. We approve the emergency measures adopted by the government during the recent financial disturbance, and especially commend the passage by the last session of congress of the temporary enactment designed to protect the country from a repetition such stringency until there can be established a permanent currency system that will avoid all emergencies. The Republican party is committed to the development of such a permanent system, responding to our greater needs and in line in all respects with the most progressive nations of the world and the appointment of a monetary commission by the present congress, which will impartially investigate all proposed methods, insure the early realization of this purpose. In line with the purpose here declared to secure by every wise means greater safety and stability in the banking and currency system, we favor the establishment of a postal savings bank for the people, upon principles embodied in the measure now pending in congress and set for vote on December 14 next.

Anti-

The Moving Throng

Robt. Eben, of St. Charles, spent Sunday in the city.

W. W. Castleman, of Central City, spent Monday in the city.

Geo. Toy, of Henderson, was a visitor to friends here Tuesday.

Mr. Iley Brinkley left Tuesday for Bowling Green to visit Mr. Ollie Toy.

Mr. Frank Bowmer and wife, of Madisonville, was in the city Monday.

Miss Howell, of Morganfield, visited friends in the city Sunday.

Mr. Walter Wright, of Ilsey, visited friends in the city Saturday.

Mrs. John Griffin and son, Fannie, are visiting friends in Lismore.

Chief Dispatcher R. E. Brooks, spent Monday in Nashville on business.

D. B. Griffin and son, Dan, spent Monday in the County Seat with friends.

Mr. Ant. Robinson, of St. Charles, spent Saturday in the city with friends.

Miss Eulalia Morehead, of Morgantown, is in the city visiting Miss Zilph.

Mr. and Mrs. Geo. Faull and daughter Nora are visiting friends in St. Charles.

Mr. J. T. Barnett, of Madisonville, former marshal of this place, was in town Saturday.

Mr. E. E. Witherspoon, who has been visiting in Ohio, returned home last week.

Mrs. Everett Tweedle, left Saturday to visit friends and relatives in Christian county.

Miss Ruby Sisk has returned from a visit to friends in the country near Madisonville.

Mrs. Forrest Stevens, of Madisonville spent Saturday in the city as a guest of her uncle C. H. McGary.

Miss Frieda Kirves, of Evansville, Ind., arrived in the city Thursday to visit her friends the Misses Cavin.

Mr. Fred Rootz, the prominent contractor, of Owensboro, Ky., spent Sunday in the city with his parents.

W. D. Crenshaw, Superintendent of the Fox Run mines, at St. Charles was in the city Saturday on business.

Frank D. McGary, of the Louisville Coffee Co., who has been in the Sanatorium at Battle Creek, Mich., returned home Sunday. Mr. McGary went therewith Mr. C. G. Robinson and left him there for a while yet.

Miss Maggie Turner, one of our most charming young ladies, who has for the past year been attending school in Pueblo, Colorado, returned home Saturday much to the delight of her many friends.

Mrs. T. H. Rambo, nee Miss Emily Williams, and sons Lester and Dana, of Kansas City, Mo., are visiting Mrs. Rambo's sister, Mrs. R. N. Clark and other relatives and friends in Earlston.

Mr. Cole Young the veteran merchant, of Madisonville, spent Sunday in the city as a guest of his cousins, Mrs. P. A. Jones and Mrs. McEuen.

Mr. Walter Daves, of the Train Master's office, will leave Saturday for Mexico for a visit to his parents, who have been living in that country for some time.

Mr. O. W. Rash, one of Henderson's richest and successful men spent Friday here with his brother, J. R. Rash, manager of the St. Bernard Mercantile department.

Esq. J. B. Head went to St. Vincent school in Union County near Morganfield last week to attend the closing exercises and bring home his little niece, Lena Davis, who has been a scholar there for the past two years.

Calab Powers Leaves For Battle Creek.

Barbourville, Ky., June 22.—Caleb Powers, after spending a week with home folks, left last night for Battle Creek, Mich., where he will spend a few weeks in a sanitarium. He will probably resume the practice of law here upon his return.

Republican Congressional Campaign Book Early.

Washington, June 22.—The Republican Congressional Campaign Book will be out unusually early this year, probably six weeks sooner than it was issued four years ago. The proofs are practically corrected up to date on such matter as can be handled before the Democratic convention meets. It is always customary to reserve a portion of the book for comment on the action of the Democratic convention, and to include the Democratic platform.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me \$1000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease.

John X. Taylor.

President Overlooks Haymaking.

Oyster Bay, N. Y., June 24.—The sun shone at Oyster Bay and the president made hay. During the mowing, Mr. Roosevelt was content to supervise the work, but Wednesday morning, when the sizable crop that covers the hillside in front of the president's home was ripened, the chief executive will take a hand in the work.

It May Be Dangerous.

show it to your
druggist and
ask him about it.

The Finest Ambition.

There is a loftier ambition than merely to stand high in the world.

It is to stoop down and lift mankind a little higher.—Henry van Dyke.

Many a man has suffered a bad fall

on account of a slip of the tongue.

SCHOOL ENTERTAINMENT.

Given by the Children of the St. Bernard Parochial School was Grand Success.

A large audience was out Tuesday evening to witness the entertainment at Temple Theatre given by the children of the St. Bernard Parochial school for the benefit of the school and church of the Immaculate Conception.

From the beginning, "Away to the Fields," by opening chorus, the entertainment was indeed very interesting, and proved that the children had been well drilled in the various parts.

"Old Dog Tray" (song) by little boys, in which a handsome shepherd dog was used in the illustration of "Old Dog Tray," was one of the most interesting parts on the program.

The dialogue by Morton Victory, John Hanna, E. Newbold and A. Newbold was well carried out and brought forth much applause.

The "Double Throne" with a strong cast of characters was well rendered, and it indeed is quite remarkable how such young people can handle their parts so well, many of the characters acting far better than older people could have done.

The most laughable part on the program was the "pillow fight," in which were a large number of little boys. This part of the program brought forth much applause. The little boys seemed to, and no doubt did, enjoy this as much as the audience.

It would consume a great deal of space to attempt to bring out all the good parts on the program, as each piece was interesting, at well as amusing.

The drama in two acts, entitled "Dolores, or Through the Fires of Sorrow," was acted well, and much praise should be given those who took such care and pains to drill them.

The house was crowded, and a nice sum was realized, so no doubt the promoters feel well pleased over this successful entertainment.

Miss Elizabeth Stone entertained quite a number of her friends at her home on Railroad street Tuesday from four till six, in honor of her fifteenth anniversary. Several nice games were played after which refreshments were served, they left expressing an enjoyable time, and wishing Miss Elizabeth many more such happy birthdays.

We, the undersigned dry goods merchants of Earlston, Ky., have agreed to close our stores at 7:30 p.m., beginning July 1, except Saturday nights and nights following St. Bernard and railroad pay days. This we believe will work no hardship on our patrons and at the same time give many of these behind the counter an opportunity to enjoy a few hours of much needed recreation and rest. Courteously.

BOURLAND & MOTHERSHAD,

GRAND LEADER,

BARNES, COWARD & CO.,

W. R. COYLE,

ST. BERNARD STORE.

Note of Thanks.

The ladies of the Christian church desire to thank all of those who generously donated toward the supper recently given, and also those who so kindly assisted in preparing and serving it.

SHERMAN HAS RESTLESS DAY

VICE PRESIDENTIAL NOMINEE MAY ESCAPE KNIFE, PHYSICIANS BELIEVE.

DICTATES TELEGRAM TO TAFT

IS REMOVED FROM HOME OF FORMER GOVERNOR HERRICK TO HOSPITAL.

EXTREME HEAT ADDS TO PATIENT'S DISCOMFORT.

Cleveland, June 24.—At 8:30 this morning Mr. Sherman's temperature was 101 3-5, pulse 92, respiration 28. He was reported as resting quietly.

Cleveland, June 24.—Representative James Schoeller Sherman, Republican candidate for vice-president, removed early Tuesday from the home of former Gov. Herrick to Lakeside hospital, a sufferer from gallstones, after a somewhat restless day, is reported in an official bulletin as holding his own. If the patient's condition continues to improve, the bulletin said, it is not likely that an operation for the removal of the gallstones will be necessary. The physicians state that Mr. Sherman's well-known abstemious habits have given him much bodily strength to resist the ravages of the disease.

The following telegram was dictated by Mr. Sherman to his secretary late Tuesday night in answer to a message of sympathy from the presidential nominee, William H. Taft: "Lakeside Hospital, Cleveland, Ohio, June 23. "Hon. William H. Taft, New Haven, Conn.

My Dear Mr. Taft—My illness is not of a critical nature, and the doctors Tuesday afternoon advised me that I can probably go home in three days. I thank you ever so much indeed for your cordial telegram. I expect to see you in Washington on Wednesday of next week.

(Signed) J. S. SHERMAN.

The unfavorable symptom in the case is the continued high temperature. In the 9 o'clock bulletin given out Tuesday night it was given at 102, with pulse normal. At that hour Mr. Sherman was restless.

The extreme heat of the day running into the nineties did not add much to the comfort of the patient.

WHITE SLAVE TEST CASES.

FEDERAL OFFICIALS MAY DEPORT HUNDREDS OF WOMEN FROM U. S.

Chicago, June 24.—Test cases which may result in the deportation of hundreds of women imported into the United States for immoral purposes were started by federal officials here Tuesday night, when a second raid was made on a resort at 2021 Dearborn street, and three of the inmates were arrested. The place is one of the establishments which Alphonse and Eva Dufour are alleged to have operated in the interest of a syndicate said to have been formed for the purpose of bringing women to this country from France.

Dufour and his wife are now in custody. United States Assistant District Attorney Sims said that the women are subject to deportation in connection with a law recently put in force. The deportation warrants were issued by Secretary Straus of the department of commerce and labor at Washington.

MINE BURNING NINETEEN YEARS.

BLAZE STARTED IN MONTANA MINES BY MINER'S CANDLE IN 1890.

Butte, Mont., June 24.—General Manager Gillie of the Amalgamated Copper Co. properties Tuesday issued an official statement concerning the fire in the Anaconda & St. Lawrence mines, misleading statements concerning which sent out of this city Monday night. Mr. Gillie says that the blaze, which has been raging continuously since 1890, is no worse than it has been several times before and that there is nothing alarming in the situation.

The fire is supposed to have been started from a miner's candle. For 19 years it has fed on the timbers of that part to which it has been confined, spreading slowly. The sulphur in the ore also tends fuel to the smoldering flames.

TONNED MILLS TOWNS.

Beaver City, Neb., June 24.—A storm of tornado force prevailed in the Beaver valley Monday night. No towns were struck, but considerable damage was done in the farming districts. Near Hollinger five barns were demolished, timbers being carried over the farms. The home of T. P. Garrett was partly wrecked, but the occupants escaped injury.

President Overlooks Haymaking.

Oyster Bay, N. Y., June 24.—The sun shone at Oyster Bay and the president made hay. During the mowing, Mr. Roosevelt was content to supervise the work, but Wednesday morning, when the sizable crop that covers the hillside in front of the president's home was ripened, the chief executive will take a hand in the work.

GROVER CLEVELAND

Dies Suddenly After a Lingering Illness at His Home in New Jersey.

Princeton, N. J., June 24.—Grover Cleveland, former President of the United States, died suddenly at his home at Westland here at 8:40 o'clock this morning. Death was due to heart failure, complicated with other diseases. The passing away of Mr. Cleveland was not immediately announced, but was delayed until an official statement had been prepared by physicians who had been attending him in the various periods of his illness.

The following statement, signed by Drs. Jos. D. Bryant, George R. Lockwood and J. M. Carnochan, was given out:

"Mr. Cleveland for many years had suffered from repeated attacks of gastro intestinal origin. Also he had long standing organic diseases of heart and kidneys. Heart failure, complicated with pulmonary thrombosis and oedema were the immediate causes of his death."

While Mr. Cleveland had been

EX-PRESIDENT CLEVELAND.

seriously ill from time to time, the announcement of his death came like a thunderbolt to those who had been watching his illness.

Last night there was a slight flurry among the friends of the Clevelands that something was seriously wrong with the ex-President. This was occasioned by a visit of Dr. Bryant, of New York, Mr. Cleveland's physician for many years. Mrs. Cleveland later in the evening discussing Dr. Bryant's visit said that there was no occasion for alarm and that Mr. Cleveland was getting along nicely.

This reassurance totally unprepared their friends for the announcement of his death.

Mrs. Cleveland was at home when her distinguished husband passed away.

The children are at the Cleveland summer home at Tamworth, N. H., in charge of Mrs. Parine, Mrs. Cleveland's mother.

The Clevelands came here from Lakewood, where the former President lay sick for many weeks, on June 1, and intended to go to their summer home as soon as Mr. Cleveland had gained sufficient strength to travel.

The former President died in bed in the second story front room. Those at the bedside when the end came were Mrs. Cleveland and the three physicians. The only other persons in the house at the time were a number of servants.

Drs. Bryant and Lockwood,

who came here from New York only yesterday afternoon, remained at the Cleveland home all night, as was the custom when they visited Princeton. While Mrs. Cleveland did not wish to alarm her friends last night by telling them that her distinguished husband was again quite ill, and in fact assured them that he was doing well, it became known today that he took a slight turn for the worse during the afternoon. There was nothing alarming in his condition, it was thought, by the physicians, and the former President passed a fairly good night, notwithstanding the oppressive heat.

When Drs. Bryant and Lockwood visited their patient this morning, they found him "indisposed" as one of them termed it. Dr. Carnochan, who lives in Princeton, was asked to step over to the house. This was shortly before eight o'clock. Shortly after that hour Mr. Cleveland seemed to fail. The physicians recognized instantly the symptoms. Immediate arrangements were made to combat the attack.

With every resource at hand the physicians worked over their patient. Finally he lapsed into unconsciousness and the end came at 8:40 o'clock.

It is believed that the terrific heat of the last few days contributed in a great degree to the sudden death of Mr. Cleveland.

Career of Cleveland In a Nutshell.

Born March 18, 1837, at Caldwell, Essex county, New Jersey. Removed to Buffalo, N. Y., in 1855.

Became a law clerk, and was admitted to the bar in 1859.

Assistant District Attorney, Erie county, 1863-66.

Sheriff of Erie county, 1870-72.

Mayor of Buffalo in 1881, when his veto of extravagant appropriations led to his nomination for Governor.

Governor of the State of New York, 1882.

Elected President of the United States in 1884 over James G. Blaine.

Defeated for re-election in 1888 by Benjamin Harrison.

Elected President again in 1892 over President Harrison.

Retired as President March 4, 1897, and became a resident of Princeton.

Received degree of LL. D. at Princeton in 1897.

Mr. Cleveland married June 2, 1886, at the White House, Miss Frances Folsom. In the campaign of 1896 he supported the silver plank in the Democratic platform. In the 1904 campaign he made some speeches in support of Alton B. Parker.

\$150 For Best Article.

The Republican Congressional Committee offers \$150 for the best article not exceeding 1,000 words on the subject:

Why The Republicans Should Be Successful Next November.

The competition is open to all. In judging the merits of contributions consideration will be given not only to style, arguments and facts presented, but to the convincing power, and it should be borne in mind that Members of Congress are to be elected as well as President and Vice-President.

No manuscripts will be returned, but will be property of the Committee.

The best article will be widely used both in the newspapers of the country and in pamphlet form.

The award will be made and check sent to successful contestant about August 15th. Manuscript must be mailed not later than July 15th to Literary Bureau, Republican Congressional Committee, Metropolitan Bank Building, Washington, D. C.

Drs. Bryant and Lockwood,

Local Happenings

The pay car was a welcome visitor to the employees here this week.

Mrs. Clarence Keown and son George left Saturday for a week's visit to relatives in Hartford, Ky.

Mr. J. M. Young has exchanged the Fawcett place to Robt. M. Bradley for a farm near Madisonville.

State of the Soul after Death will be the topic discussed at Christian church Sunday night by Minister W. G. Eldred.

Painters have just completed the house of Mr. Thos. Blair, near the Catholic church and adds greatly to the appearance of that part of the city.

Over \$25 was realized at the ice cream supper given last week by the Sunday school class of the Methodist church at Mrs. Marion Sisk.

The ladies of the Christian church gave one of the nicest entertainments of the season Saturday night at the rink for the benefit of the Ladies Aid. Over \$50 was realized.

Delegates to the State Convention of Epworth League which meets in Henderson next week have been selected. They are W. S. Bramwell, Misses Isabel Faser and Pansy Rule.

A large crowd of our local sports witnessed the game of ball at Madisonville Tuesday between Madisonville and Evansville Seal Backs. Score was 4 to 1 in favor of Madisonville.

The popularity of the mineral well near the Lake is increasing daily. Large crowds are constantly there and so large is the rush that two men are required to hold them in check.

Brick Mason Whittier with his force of men are now busy on the

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illustrated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad," or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evileid or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist doesn't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. E. V. Pierce, 633 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pheasant Pellets regulate and invigorate stomach, liver and bowels.

The award will be made and check sent to successful contestant about August 15th. Manuscript must be mailed not later than July 15th to Literary Bureau, Republican Congressional Committee, Metropolitan Bank Building, Washington, D. C.

Drs. Bryant and Lockwood,

THE LITTLE JAP IS LIKELY TO BE GOOD.

TAFT HAS A CLOSE CALL

PROMPT ACTION OF ENGINEER SAVES TRAIN.

PISTON ROD BROKE SHORT OFF

Unmanageable Red Crack Cylinder of Engine—Emergency Brakes Are Applied.

Dennison, O., June 22.—Secretary Taft had a narrow escape Sunday night from being involved in a serious wreck on the Pennsylvania flyer, which was carrying him east. Prompt action of the towerman in a signal station a third of a mile east of Coshocton and of the engineer of the flyer alone averted what might have been a dreadful accident. As the train was speeding along at the rate of 50 miles an hour, the piston rod on the left side of the locomotive broke short off. Almost instantly the cylinder of the engine was cracked by the unmanageable rod. The train was just approaching a signal tower east of Coshocton. The operator saw that something serious was wrong and he threw down a signal to stop the train. The engineer applied the emergency brakes and the train of six cars came to a stop on a sharp curve.

The accident occurred at 6:30 o'clock as many of the passengers on the train were at dinner in the dining car. Few of them realized how narrow their escape had been from an awful accident.

Secretary Taft and National Committee man Kellogg entered the dining car and sat down to dinner after the accident occurred without thought of anything serious in connection with the stopping and delay of the train. The secretary made no comment on the incident when informed of it. The engineer of the locomotive explained that it was merely good luck that averted a bad accident.

"If the piston rod after it broke had gone under the train," said he, "we would have gone into the ditch, as we were running 50 miles an hour and the derailment would have been a serious matter. Fortunately, the broken rod landed six or eight inches off the left rail. That saved us."

Father Killed Kidnapping Child.

Newton, Iowa, June 21.—While trying to kidnap his 5-year-old daughter from his wife, from whom he was separated, Frank Parker of Denver, formerly of Grinnell, Iowa, was shot and killed near Kellogg, Iowa, Friday by George Young, a former business partner.

Parker died several hours after the shooting. Young was arrested at the scene of the crime, brought here and lodged in jail.

Died in His Native Town.

Washington, June 21.—William Gaddis of Helena, Mont., died at a hospital here Friday. Born here 77 years ago, he was on a visit to his native town, when he died. Mr. Gaddis went to Montana 35 years ago and engaged in the cattle business. He owns a large ranch at Fort Logan, Mont. He is survived by a widow, a son and one daughter. The funeral will be held here Monday.

Three Dead in War Play.

New York, June 21.—Two more deaths in the post hospital at Fort Wadsworth. Friday brought the casualties of the mimic war to three. The dead are: John Welsh, George Harvey and James McDowell, all members of the Ninth regiment, New York national guard. The explosion and death of the volunteer artillerists did not halt the war game. Two futile attempts were made by the hypothetical battleship fleet to pass the batteries.

Mermon's Home Dynamited.

Eugene, Ore., June 21.—With the purpose of frightening unwelcome arrivals away from the town, a dynamite bomb was exploded before daylight Thursday morning under the front porch of a small dwelling occupied by C. L. Dunford and C. A. Williams, Mormon elders, and Mrs. E. H. Howell, her three children and a brother. The porch was demolished and the window in the front part of the house smashed.

To Post Drunks' Pictures.

Marshfield, Wis., June 21.—If a resident of this city is known to be an habitual drunkard, he will find his photograph staring at him from behind the bars of all the saloons of the city. The city council has passed an ordinance to this effect. The council also will sit as court to decide on a man's eligibility to have his photograph posted.

Troops Pursue a Soldier.

Lawton, Okla., June 21.—Details of troops are Saturday in pursuit of J. C. Miller, a private, wanted to answer to the charge of stabbing a comrade before a courts-martial. Miller Friday escaped from Fort Sill by overrunning his guard and got a good start before his absence was discovered. The guard was disarmed and bound and gagged. Miller is armed.

Steubenville Damaged by Wind.

Steubenville, O., June 21.—Two women were seriously hurt and many buildings were damaged by a storm which struck this city Friday night. Three brick houses on Main street were wrecked. Hundreds of other houses were unroofed or otherwise damaged.

FATHER OF OIL KING

NEW TALE OF DUAL LIFE OF ROCKEFELLER PERE.

Chicagoan, with Dr. William Livingston for Twelve Years, Says Man Admitted He Was Parent of Famous John D.

New York.—Many additional facts about the dual life led by Dr. William Avery Rockefeller, father of John D. Rockefeller, are supplied by Dr. Charles H. Johnston, his assistant and business partner, for 12 years. In those years Dr. Rockefeller went under the name of Dr. William Livingston, but to his partner, Dr. Johnston, so the latter declares, he revealed the secret of his life—that he was Rockefeller and that John D. Rockefeller was his son.

Dr. Johnston is president of the College of Medicine and Surgery in Chicago. He explains:

"It was in 1874 that I paid him \$1,000 and became his student and assistant. He was living then in Freeport, Ill., as Dr. William Livingston, and he never posed under any other name thereafter. His wife, Mrs. Margaret Allen Livingston, living yet in Freeport, was one of the sweetest women I ever knew. I did not know until years afterward that he had two wives, one the mother of John D. Rockefeller. She lives in Cleveland, O.

"Dr. Livingston and I traveled over all the west, through Illinois, Wisconsin, Minnesota, the Dakotas, Iowa, Nebraska and Kansas. It is not true that he sold medicines in the street. He had a fine team of horses, the best that money could buy, and a fine carriage in which we drove from town to town. He would have a string of eight or ten towns at once. He would drive into a town, scatter handbills, in which the great Dr. Livingston asserted that he could cure all diseases, and we would have a suite of rooms at the best hotel, and to the doctor there would come the sick and the halt and the lame. In all cases of common ailments he could detect the cause almost at a glance.

"He made a great deal of money. He often took in \$200 in a day, and if he took only \$100 he thought it a poor day's business.

"I knew from the first that there was some deep mystery in his life, but it was several years before I suspected that he was Rockefeller, and it was several years more before he acknowledged to me that his name was

DR. W. LEVINGSTON

William A. Rockefeller and that John D. Rockefeller was his son.

"In all the years I was with him the old man went twice a year to Cleveland and stayed a week or two. He told me he went there to look after his money invested with John D. Rockefeller, and he would tell me wonderful stories of John D.'s shrewdness and great wealth."

Dr. Johnston showed several letters, postmarked Cleveland, O., and signed William Livingston, M. D.

"I first learned positively that Dr. Livingston was Dr. Rockefeller when he was injured on a ranch in North Dakota and thought he was going to die. He and I went to North Dakota together in 1881, and took up adjoining homestead claims where the town of Park River is. We were building a shed for a cattle shelter and in lifting a heavy log he strained himself. He was an old man then, and he thought he had ruptured an intestine. The pain was great and he thought he was dying. I asked him if I should send for his wife, Mrs. Livingston, if he should die, and he said: 'No; notify John D. Rockefeller, but be very careful and let no one else know it.'

"When he got well I told him I knew he was John D. Rockefeller's father. At first he denied it and then he said it was true. He told me that the reason he kept it secret was that he found it necessary in his younger days to assume a name because he was practicing medicine without license. He might be arrested any time and he did not wish to disgrace the name of Rockefeller because of his children. He stuck to the name later, he said, because it was then too late honorably to take his right name."

Punishment for Luxembourg Tramps.

The Luxembourg government is treating incorrigible vagabonds to bread and water for the first four days of their imprisonment, and to the lowest scale of ordinary diet twice a week afterward. The prisons are said to be emptying fast.

A GLIMPSE BACKWARD

Items Published in the Bee Seventeen Years Ago Today

Whistle Posts.

The general verdict is that Foreman L. H. O'Brien is a first class man to take up a wreck.

Conductor Burch spent a few days over at Owensboro last week with friends and relatives.

Ed Gill has resigned his position a Howell and will soon take the advice of a former eminent journalist—go West.

Supervisor Sullivan has improved the Providence branch considerably this spring by putting in lots of new ties.

Supervisor Sullivan is now waiting for material to lay the new track to Stull & Barnes' mine, or rather to their tip.

Conductor Lon Dyer was here last Sunday. Lon has hosts of friends, who wish that he and the company would adjust their differences and the boy get to work again.

It is understood that Harry Ogden will soon take charge of the agency at Hanson, and if he applies himself to business will make a good agent provided, he subscribes for The Bee.

Agent Adams, of Madisonville,

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Earlington women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Earlington Woman's word:

Mrs. H. C. Smith, living in Earlington, Ky., says: "I was afflicted with Kidney trouble for years. I had severe pains in the small of my back and whenever I stooped or lifted anything they were particularly acute. My back ached at night and when I arose in the morning it was very lame. I was easily tired and languid and was frequently troubled with nervous spells. Headaches often bothered me, and dizzy spells also added to my afflictions. I knew my kidneys were disordered as the secretions contained a sediment, and were much to frequent in action. My rest was disturbed greatly at night on this account. Learning of Doan's Kidney Pills I procured a box and received relief from the first. I shall recommend them at every opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agent for the United States.

Remember the name—Doan's—and take no other.

Successful Men Not Fussy.

Peace and happiness cannot exist in the vicinity of an individual who has a mania for setting everybody right. He is generally unfitted for office, being one of the exasperating people who are continually saying what they would do while really doing nothing at all. It is usually the sluggard or idler, who stands about and watches others work, who can suggest a dozen ways in which they can do better.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction.

Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c. and \$1.00.

Sold by St. Bernard drug store, incorporated.

Left Uncle Thinking.

"Willie," said the infant's mother, agitated by the sudden appearance of a rich relative, "Willie, dear, kiss your Uncle John, and then go and wash your face at once."

The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at all leading drug stores. 25c.

Accompanied by his son, Charles, went to Trenton last Monday, where the boy has been undergoing a surgical operation. It is feared that one of his fingers will have to be amputated.

We are pleased to hear of the promotion of Agent Wooten, of Hanson, who will about the first of July, go to Illinois and take charge of a good position as agent at a good salary. Just keep the eye on that boy and see if he don't keep climbing higher and higher.

Local Buzzings.

Married—Wednesday evening June 7th, at the residence of the bride's uncle, O. P. Webb, near Madisonville, R. J. Palmer, of Terre Haute, Ind., to Miss Lizzie Webb, daughter of Ben Webb, of this city.

About People.

Richard Farnsworth and family, of Henderson visited O. J. Farnsworth and family last Sunday.

Misses Pearl and Claude Granger, of Springfield, Tenn., are visiting relatives and friends here this week.

Self-Love Analyzed.

Self-love never reigns so absolutely as in the passion of love; we are always ready to sacrifice the peace of those we adore, rather than lose the least part of our own."

Thinks it Saed His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at all leading drug stores. 50c. and \$1.00. Trial bottle free.

True.

You cannot paint the lily and the rose. But the effects that Lily and Rosie can get with the rouge stick are wonderful to behold.—Chicago Record-Herald.

Ancient Rome.

is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, burns, cuts, sprains, neuralgia, etc., Mr. C. H. Ruyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise."

Sold by St. Bernard drug store, incorporated.

Defects of the Telephone.

According to M. Abraham, the best telephone does not transmit to the ear more than one-thousandth part of the energy which it receives from the line.

Don't use harsh physics. This reaction weakens the bowels, leads to chronic constipation. Get Doan's Regals. They operate easily, tones the stomach, cure constipation.

Political Hypocrisy.

The politician who, on the eve of an election, knocks at the poor man's door, shakes his hand and kisses the baby illustrates the maxim that hypocrisy is the homage that vice pays to virtue.—Toronto Star.

For cuts, sprains, bruises, burns, rheumatic and all other pains, use McLean's Volcanic Oil Liniment. First sold in 1952, still the same effective remedy in 1908. Good for men or beast. 25c., 50c. and \$1.00.

Hold Stone-Throwing Contests. In parts of Switzerland stone-throwing contests are held, handsome prizes being given to those who throw a fair-sized rock farthest.

Hives, eczema, itch or salt rheum sets your crazy. Can't bear the touch of your clothing. Doan's Ointment cures the most obstinate cases. Why suffer. All druggists sell it.

Heaven.

In the philosophy of some men heaven is nothing but a place where everybody will be able to buy cheap and sell high.

To stop any pain, anywhere in 20 minutes, simply just take one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache— or Pink Pain Tablets—will quickly coax blood away from blood centers. After that, pain is gone. Headache. Neuralgia, painful periods with women etc., get instant help. 20 Tablets 25c.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous membranes, relieves weak muscles and discharges, while the Restorative gives nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy." Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

COLORED COLUMN

MR. S. R. DRIVER, EDITOR

A political plume is hanging over ye editors head they say.

Gus Shelton, of Basket Station, Henderson county, is visiting his brother, George Shelton.

Mr. Frank Buckner, of Elmo, is visiting his sister, Mrs. Lizzie Clark.

Mr. and Mrs. Boyd Fort will visit friends and relatives in St. Louis and Chicago next week.

Mr. and Mrs. George Maddox attended the funeral services of Mrs. Maddox's brother in Hopkinsville Monday.

Rev. Amos preached a forcible sermon at C. M. E. church last Sunday night. The Rev. is a strong preacher and deserves much credit, being a self made man, well versed in scripture and a fine speaker.

Mrs. Garfield Osborne, who has had a severe attack of chills, is able to be about the house.

George Gibson, who had his foot mashed by falling slate in the mines is able to be out on crutches.

The torrid weather is trying the souls of many and all should be careful what they eat, for Earlington people are all to fat and it does not take much heat to cause discomfort.

The sisters of Fairest Temple S. M. T. at their last regular meeting, elected "ye editor" as delegate to the S. G. L. at Versailles, Ky., August 11 to 16.

The U. B. T. and S. M. T. of Morton's Gap, have elected Mr. Robert Hall as delegate to represent both lodge and Temple at Versailles, Ky., August 11 to 16.

Miss Katie Johnson, of Morton's Gap, visited Mrs. Jane Morton and family last week.

Mr. Charles Bradley is confined to his bed with fever and has been for some days. We hope that he will soon be out with us again.

The outing of the Baptist Sunday School last Saturday was a grand success. A more progressive Sunday school does not exist in western Kentucky.

Children's day at A. M. E. Zion church Sunday the 29th. A good program is out and the public invited to attend. A grand picnic will be enjoyed by all who attend.

The annual picnic of the C. M. E. church, July 4th, bids fair to be a success with plenty of eatables usually found at such gatherings in abundance. The best of order will be maintained and the entire surrounding country is invited.

We invite news from Hecla but so far no one has brought any and as we are poor at coming we must wait events. Scraps and scummings, idle gossip and family scandals will find no place in this column.

School teachers are headed for Earlington thick and fast. We are informed the trustees will employ four this year. We here and now hope Prof. Bell and Mrs. Ella Osborne will be retained. Earlington will not be Earlington without them.

Mrs. L. B. Cavanaugh, who has been sick since November, was out at church last Sunday. A more welcome personage could not have entered the beautiful little edifice. We all hope she may be able to fully recover her health, as she was seriously missed from her place.

Locomotive Blasts

Conductor Arch Longstaff has been taking a vacation.

Brakeman Thos. Cansler has been transferred from the Providence coal run to chain gang service.

Ex-conductor Mollie Dorris, of Ridgeway, Tenn., was in the city Sunday.

Last week 657 round trip tickets were sold from here to Madisonville and if this warm weather continues this week's sale will exceed that.

Fireman Lee Withers is laying off this week on account of an abscess of a tooth, which is pain him very much.

Operator Mische is now working second trick in the ticket office at this place.

Operator Clyde Fugate has been transferred from the ticket office here to Springfield.

Brakeman Jack Hale leaves today for Louisville, Cincinnati and other points.

Fireman M. M. Melton, while on his run from here to Nashville last Sunday, became overheated at Kildare and medical assistance was necessary to revive him.

Wm. Shean, a machinist at the round house, who got overheated one day last week while repairing an engine, is able to be out again.

On last Saturday the entire Henderson division of the L. & N. adopted a new switch lock in use on the entire system now.

Earlington will have soon if not at present a large new steel wrecker for use on this division. One has been needed for some time as the old one was not in very good condition. The railroad has one at Howell and Nashville.

Ortho Long, better known as "Red," a former conductor on this division spent Monday in the city.

Robt. Fenwick, Sr., night foreman at the round house, is still laying off on account of the accident he received last week.

Our clever friend Ben Lacy, of the North local out of Hopkins.

BABY BOY HAD ITCHING HUMOR

Which Broke Out in Different Places

—Nothing Would Help Him—
Mother Almost in Despair—Skin
Quickly Healed Without a Scar and
Trouble Has Never Returned

—
SINCE USING CUTICURA
MOTHER GIVES IT PRAISE

"Several months ago, my little boy, now two and a half years old, began to break out with itching sores. I began to doctor him, and as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. One evening I read a testimonial from a

lady who had cured her little boy with Cuticura. I began to use the Cuticura Soap and Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now well, and not a scar is left on his body. They have never returned nor left him with bad blood, as one would think. Cuticura Remedies are the best I have ever tried, and they are surely great. I shall always have them in the house, handy, and shall highly recommend them to any one who is suffering likewise. I cannot give them too much praise. Mrs. William Gedding, 102 Washington St., Attica, Ind., July 22, 1907."

ITCHING TORMENTS

From little patches of eczema, tetter, milk crust, psoriasis, etc., on the skin, scalp, or hands of infants, children, or adults are easily relieved and speedily cured, in the majority of cases, by warm bath with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, assisted, when necessary, by mild doses of Cuticura Resolvent. Cuticura Remedies are guaranteed absolutely pure.

Cuticura Soap (25c) to Cleanse the Skin. Cuticura Ointment (50c) to Heal the Skin and Cuticura Resolvent (60c) for the removal of Chocolate Marks, Acne, and other Skin Troubles. All sold throughout the world. Foster Drug & Chem. Co., Boston, Mass.

CLEAR THE COMPLEXION OVER NIGHT

Eczema, Pimples, Rashes, Blotches, Eruption, Etc., Quickly Eradicated by New Skin Remedy.

Since the discovery of "A. J. M." PRESCRIPTION, the new skin remedy, it has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the dispensers who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative power at the very outset.

In less serious skin afflictions, such as Rashes, Blotches, Pimples, Blackheads, Barber Itch, Red Nose, Poison Oak, Poison Ivy, Odored Feet, results show after a few applications, only a small quantity being required to effect a cure. A muddy, greasy or yellow complexion is noticeable after a single application. Those who use "A. J. M." PRESCRIPTION for these skin troubles can get it in 50c, 31c bottles, (the one-dollar size holds three times the amount of the fifty cent bottle) at all leading drug stores.

Write The A. J. Martin Medicine Co., Toledo, Ohio, for free testimonials.

WOMAN TO BE ELECTROCUTED.

Mrs. Farmer is Sentenced to Death for Murder.

Watertown, N. Y., June 21.—Guilty of murder in the first degree was the verdict of the jury Friday in the case of Mrs. Mary Farmer, charged with the killing of Mrs. Sarah Brennan. The jury was out three hours. Justice Rogers sentenced Mrs. Farmer to be electrocuted at Auburn prison during the week beginning Aug. 2.

The crime for which Mrs. Farmer, who is 25 years old, was convicted was most fiendish. Her victim, Mrs. Brennan, who was 55 years old, was her neighbor and intimate friend and the motive was to gain possession of the Brennan home, deeds of which Mrs. Farmer had forged in October. The crime was committed April 23. Mrs. Brennan was hacked to pieces with a hatchet and her body stuffed into a trunk.

Mrs. Farmer's husband is also under indictment on a charge of murder in the first degree as accessory to the crime.

Bomb for Tammanyites.

New York, June 21.—A bomb, said to have contained nitroglycerin, was thrown at the house occupied by the Kanawha club, the Tammany organization of the Thirtieth assembly district on 128th street, Friday night, resulting in an explosion that frightened the club members, damaged the steps and smashed most of the windows. At the time of the explosion Daniel Coleman, secretary of the club, was collecting dues and had \$1,000 in front of him on a table. No arrests were made.

JAIL PRISONERS GO ON SPREE.

Tulsa, Okla., June 21.—Fourteen prisoners, including two women, in the county jail, Thursday night, were supplied with whisky by an insane prisoner, who escaped from a chair in which he was strapped in the corridor of the jail and discovered a suit case full of liquor. Everyone drank until hilarious, and a free-for-all fight ensued, which required a large force of officers to quell.

COLORADO MINERS STRIKE.

Denver, Colo., June 21.—Two thousand five hundred miners in the Northern Colorado coal fields quit work Friday afternoon, intending to remain out until the operators grant an increase in wages or make satisfactory concessions. If after further negotiations between the United Mine Workers officers and the operators no settlement is reached, a formal strike will be called.

SIX COMPANIES TO ALASKA.

Monterey, Cal., June 21.—Six companies of the Twenty-second United States army, which for the past 12 months have been stationed at the Presidio here, started from here Friday for Alaska, where they have been assigned to various posts. The troops, which are under the command of Captain Halsell, left on a special train for San Francisco, where they will Saturday on a transport.

NEW GOLF SCORE.

London, June 21.—The open golf championship, which has been going on this week at Prestwick came to an end Friday, with a victory for James H. Braid, the professional, with a total of 281 for four rounds. This score beats all previous championship records. This is the fourth time Mr. Braid has won the championship.

WOULD COMPEL GOOD SERVICE.

Minneapolis, Minn., June 21.—May or Haynes Friday vetoed an ordinance granting a 30-year franchise to the Minneapolis General Electric Co. in his veto message he said that the only thing that would compel good service and reasonable rates from the company was renewal of its franchise every 10 or 15 years.

FIFTY DROWNED IN OKLAHOMA FLOODS.

Guthrie, Okla., June 21.—As nearly as can be estimated, 50 persons have lost their lives in Oklahoma from drowning in the recent flood season, and as many more have been killed otherwise by storms and lightning. In the vicinity of Hoffman alone 16 persons have drowned, the last being James Newton and William Shidham, whom attempted to ford a swollen stream.

MEXICAN REVOLUTIONISTS ARRESTED.

El Paso, Tex., June 20.—Additional arrests of alleged Mexican revolutionists were made by rurales Friday at Nuevas Casas Grandes, Mex. Thirty eight are now in jail. Among the prisoners is Santa Ana Peres, leader of the Temochita revolution of 1893, when the Mexican customs house at Temochita was raided. Troops at Chihuahua are held in readiness to move to the zone of the uprising.

DE SAGAN-GOULD WEDDING BANS.

Paris, June 21.—The bans of Mme. Anne Gould and Prince, Helle de Sagan were published Saturday. They are now in Paris, after a trip embracing Rome and other European cities.

George J. Gould is in Paris for the wedding, and this establishes the fact that he has become reconciled to his future brother-in-law.

BOY DROWNED IN MISSISSIPPI.

Louisiana, Mo., June 21.—Frank Harris, 18, was drowned in the Mississippi river here Thursday night while out boating with a crowd of friends.

INSIGNIA OF RANK

MARKS THAT TELL THE VARIOUS GRADES IN NAVY.

Some Devices Designed by Martha Washington and Other Colonial Dames—History Written Into Gold Braid.

Boston.—There are very few men who can distinguish an admiral from a lieutenant by the uniforms they wear. There is probably not a single naval demonstration where nine officers out of ten are not confounded by the majority of the spectators.

The same principles underlie the naval insignia as are present in those of the army. There is a picturesque story of the way these came into being. The choosing of the marks of rank in the army and navy, the story runs, was left after the revolution to some of the leading ladies of the country. If legend is to be believed Martha Washington is responsible for some of the devices. The whole world was drawn upon by the resourceful colonial dames for suggestions. The heavenly bodies were appropriately called upon to contribute devices for the highest ranks. From them came the stars, most coveted by men in the army and navy.

Descending to earth the eagle was availed of as most appropriate after the stars, because of its courage and lofty flight. For lesser ranks, all most honorable and awful notwithstanding, the leaves and fruit of the oak tree,

Insignia That Tell Various Grades In Navy.

noble in proportions and emblematic of strength, were chosen. The anchor, being distinctive of the navy, was used to indicate it especially.

In all, the insignia silver is chosen to rank above the gold, because it usually lies near the surface, and so nearer the heavens.

Anyone versed in the marks of rank in the navy can tell at a glance who is the most important among his fellows, but not infrequently what especial work is assigned to them.

"There comes an admiral," says the friendly air who has ventured to guide you through the navy yard. For the life of you, what makes him an admiral at a glance you cannot tell. From the dignity of his bearing he might be of any exalted rank. His distinguishing mark on the collar is four silver stars with a gold fouled anchor under each of the outer ones. If he were a rear admiral he would wear two silver stars with a silver fouled anchor between them. The signs of rank are worn on the collar except in full dress, when they appear on the shoulder strap.

The captain who meets one on board the ship has no stars on his collar, but a silver spread eagle in the center with a silver fouled anchor on either side. The officer who wears a silver oak leaf on either side of a silver fouled anchor is a commander. The same device in gold indicates a lieutenant commander. Lieutenants are shown by two silver bars on either side of a silver fouled anchor. If they are of the junior grade they wear one bar instead of two. Ensigns wear only the silver fouled anchor. All the above officers are commissioned officers of the line.

There are in addition aboard a ship the commissioned corps officers, the warrant officers and the petty officers.

The same devices that the line officers wear are also worn by the corps officers on their epaulettes on the center of their shoulder straps, but the latter wear in addition certain devices to denote their corps department. Officers of the medical corps wear a spread oak leaf in gold, with a silver acorn on it. Officers of the pay corps have a silver oak spray. If a silver eagle is combined with these devices it indicates respectively, medical, director and pay director. The engineer corps has been made one with the line officers so that they no longer have any corps device.

Some of the devices of the petty officers are not very intelligible at first sight, and a single device does service to identify several.

ROYAL BAKING POWDER

A GRAPE CREAM OF TARTAR BAKING POWDER

It makes the most delicious and healthful hot breads, biscuit and cake.

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

★ ★ ★ ★ ★ ★ ★

Alum baking powders are unhealthful. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

NEW PERFECTION WICK BLUE FLAME OIL COOK-STOVE

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

The Rayolamp is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity

Mining

The Mining News in and Around Earlington

Claud Borders, formerly foreman at the Hecla mine, has secured a good position at Zeigler, Ill., at good wages and expects to move his family there soon. We understand he is having his household goods packed now and ready for shipment.

An increased force of mechanics has been at work on the coal crusher this week and if all plans do not fail the new machinery will be set in motion this week, and orders for crushed coal can soon be received and promptly filled and another new industry be added to this enterprising city.

We understand that our former townsman, Mr. J. B. Lindle, is now in the employ of the electric power plant at Zeigler, Ill., and with the experiences he had he will no doubt give satisfaction. This plant is directly connected with the coal mines at that place and is under the supervision of manager Gordon.

The failure to stop the cars soon enough caused them to come in contact with a mule in the Hecla mine last Friday, breaking his leg and so injuring him the animal had to be put out of his misery by being shot. Some claim that it was the slowness of the mule in not stepping off the track, and not the fault of the driver.

James Smith, formerly motorman at the Hecla mine, and now located at Zeigler, Ill., came home after his family last week, expecting to return there soon, where he has a good position along with the other boys who have located there. In fact it begins to look like a Kentucky colony had been started up at Zeigler, as already a large number of Hopkins county persons are located there and all doing well.

Foreman Thos. Blair, of the Hecla mine, for the first time in ten years was stricken with a chill last week and for a time he was a very sick man. The cause is thought to be from wading water in the mine, an exposure he has not been used to of late, and one his friends fear he can not stand. A few years ago he was compelled to give up a good position in the mines on account of ill health.

Manager W. L. Gordon, who a few days ago made friends a brief visit, says that the effects of the money market stringency was not felt at the Zeigler mines, neither had the dull coal business felt at other mines any effect on coal business as the output has constantly been on the increase. The fact is, that company is fortunate enough through its intimate connection with so many business enterprises which consumes their daily output that the weak pulse in the coal trade is not felt.

One of our former much esteemed citizens W. G. Wright, chief bookkeeper for the Crabtree Coal Co., at Ilsey, Ky., made relatives here a brief visit lately and while here we learned the fact that during a thunder storm a short time ago a fine horse of his was killed by lightning, and to replace him with another he had to expend \$200. Walter don't get to visit Earlington often on account of the mine he is connected with being amply supplied with coal orders that requires the mine to daily.

The strict enforcement of the new Kentucky law which forbids the employment of children under the age of 14 years of age will work a hardship on many a poor family whose only hope of a support rest on children under that age, and the weak or decrepit miners who now depend on one under that age to assist him during vacation days to earn a livelihood for a large family will be deprived of his help and the bad fruits of such a law will be felt here in Earlington and the work of the Juvenile courts and reformatory schools of the state greatly increased, and its repeal should be demanded by the people.

A new law has lately been enacted in Illinois requiring the examination of miners before they are allowed to work in mines of that state, and it is thought that quite a number of those who recently left Hopkins county and other counties of this state may encounter some difficulty in passing a satisfactory examination under the new rules as a practical knowledge of the condition of the mines wherein they intend to work is required, in fact all miners who have worked for less than two years must be examined and while this may for the present time work a hardship on many of the inexperienced ones, the safety of the mines in the future will be enhanced and the decrease of mine accidents whereby thousands of lives are lost will no doubt be the

result following the enforcement of this new law.

The clerical department of the St. Bernard Mining Company was a little short on force the past week on account of Rex McEuen being at Hot Springs, Ark., and marriage of J. E. Metherhead who is off on a bridal tour. The absence of these two faithful and efficient clerks leaves the office in a crippled condition, but that ever-ready and willing Miller Evans came to their relief, and business is kept moving.

The dull coal business now can be attributed to several causes, the closing down of many manufacturing plants during the late money panic and their failures thus far to again start up the present hot weather and last, but not least, the great increase in the capacity for the production of coal as can easily be seen when we take a look at the St. Bernard Mining Co.'s mines where new openings are being made, new mines constantly being opened, the addition of improved machinery, such as motor cars, along with a large increase yearly in the number of men hired, all of which tends to facilitate the increased production of coal, and shows conclusively that the sources of supply is destined to be for some time far ahead of the demand.

Sold by St. Bernard Mining Co., Incorporated, drug department.

industry, but also exceeded by a considerable amount all previous estimates of the total output for that year.

The aggregate production of anthracite and bituminous coal in 1907 amounted to 480,450,042 short tons, valued at \$614,831,549, against 414,157,278 short tons, valued at \$513,079,808 in 1906. The increase in production in 1907 over 1906 was 66,292,764 short tons, or 18.01 per cent in quantity, and \$101,571,740 or 19.88 per cent in value.

If one feels dull and spiritless, in the spring or early summer, they call it Spring fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Learn by Observation.

Watch those about you, and you will see more of the temper and unheeded purpose and real moral position of men than you would imagine. Wendell Phillips.

Bucklen's Arnica Sale Wins

Pom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot for a short time, but they recognize the fact that he is a tired man both mentally and physically, and a good rest is desired that his recuperation may be quick. For months past during all the threatening times he has been the guiding star, carefully weighing every report and watching every move made by the agitators. Always ready to combat any effort they might make to gain an advantage, and his untiring energy and skill in settling serious and difficult problems he deserves the praise of the county and he carries with him to the quiet summer resort the best wishes of a host of friends.

"Unless there be careful husbanding or revolutionizing inventions, or some unforeseen industrial revolution, the greater part of our original heritage of coal will be gone before the end of the next century.

"Estimated original supply in the United States, 2,500,000,000,000 tons. Actual consumption to date, 7,500,000,000 tons.

Waste and destruction to date, 9,000,000,000 tons.

Production in 1907, 450,000,000 tons. Production in 1907 (at present rate of increase) 900,000,000 tons.

Production in 1927 (at present rate of increase) 1,800,000,000 tons.

Production in 1937, 8,500,000,000 tons.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take.

John X. Taylor.
